

Son Rise Baby Home & Son Rise Children's Home

We have supported Son Rise baby home since it started 10 years ago with Damali. It's an inspirational place where orphaned babies as young as a day old are cared for, loved and nurtured.

Son Rise children's home moved to their new site in Kamuli over a year ago. This is a wonderful large space, housing up to eight children per home. They have their own school and much land for farming.
