

Twinkle Primary School, Nursery and Boarding Houses

Twinkle primary school has been rebuilt in the last two years after all the wonderful and generous donations from the last fundraising dinner. Twinkle is a remarkable school where over 400 students worked in corrugated iron classrooms but achieved amazing school results thanks to the dedication of the head and his staff. We are drawn to help at Twinkle as they always made the most of every opportunity offered to them. The challenge now is to rebuild the nursery and boarding houses which are still in the condition of the old primary school. We hope to rebuild Twinkle nursery and boarding houses as soon as possible.
